Title: Object Oriented Presentation

Speaker: Wonderware/InSource Manager with
Over 20 years experience

Abstract: The presentation will be on high level
discussion of Object based programming and data
management. The discussion will develop into his-
tory and evolution of IT systems and HMI's, and
what engineers are facing today. Object-based
plant software design will be covered, explaining
benefits, long term implications, and extensibility.
The topic headlines are:

Yesterday vs today; what engineers are facing

Evolution of IT systems

Evolution of HMI

Object-based plant software design

Benefits

Long-term implications

Extensibility

**A question and Answer session will follow the
presentation.**

- May: TBA

Savannah River Section Members:

Our January presentation was a popular topic and well attended. Savannah River Section monthly meeting was attended by 27 people; Mr. Larry Hammett, International Paper E/I Technician, discussed Control loop variability and its importance to the paper mill. He was honored by Jim Merz, President of the section, on conclusion of his presentation. The following are the membership pictures for the presentation session:

National Membership Drive

Our section is taking part in National Membership Drive & we have approx. active 208 members. Jim Lawrence and our section board is making special effort for enrollment. If you help enrolling any new member, we will like to honor you.

Update Membership Record

Every member can update their ISA record on line. Go to www.isa.org and login (use member number and password). Look in the left navigation bar under general information and select

My ISA>update My Record.

If member does not feel comfortable navigating the web, then send email message to info@isa.org with a request to update the record with current information. You can call 919-549-8411 also.

OUR GOAL IS TO BRING TO YOU LATEST KNOWLEDGE & TECHNOLOGY; YOUR ATTENDANCE WILL ENCOURAGE US IN ACHIEVING THIS GOAL..
